

LEGISLATIVE UPDATE

Issue 2, January 16, 2015

Office of Administration

GOVERNOR'S COUNCIL ON DISABILITY

PO Box 1668

Jefferson City, MO 65102

800-877-8249 (Voice/TTY)

573-526-4109 (Fax)

<http://disability.mo.gov/gcd/>

Welcome to the second issue of the 2015 Legislative Update with the 98th General Assembly. The *Legislative Update* will present a new bill by providing a summary description. When significant changes occur on the bill it will be summarized again. Any changes in bill status will be highlighted in red and an asterisk will be placed before the bill number.

- The *Legislative Update* issue number and current bill summary will be inserted each week along with the bill number, title, sponsor, and current status (includes the committee assigned, chair and vice chair of the committee). Online copies of the legislative updates will have a red hyperlink to take you to the description of the bill and sponsors. Appropriation bill links will have a purple hyperlink.
- The *Legislative Update* will also include an index to assist you in locating the bill's category.
- Each issue of the *Legislative Update* is available on the Governor's Council on Disability's website at <http://disability.mo.gov/gcd/>
- Access to individual bill information is available on the Missouri General Assembly's website at <http://moga.mo.gov/>
- A glossary of terms can be found at <http://house.mo.gov/>
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- To learn more about the legislative process consider attending the *Legislative Education Project* training by registering online.
- Governor's Council on Disability (GCD) welcomes your comments and suggestions. Your comments can be submitted online to the GCD website at <http://disability.mo.gov/gcd/> or call us at (800) 877-8249.

The summaries are prepared by the Research Staff of the Missouri House of Representatives and are used by permission.

Bills are organized in the following categories:

- Assistive Technology
- Crime
- Education
- Employment
- Funding/Tax Relief
- Health Care and Personal Assistance
- Legal Rights and Responsibilities
- Mental Health
- Olmstead
- Safety/Prevention
- Services for people with Disabilities
- Other
- Appropriations

Note: When "incapacitated," "handicapped," appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

Changes the laws regarding bullying in schools and establishes specific components that a district must include in its antibullying policy

Status:

1/12/15 Second Read (H)

1/8/14 Introduced and First Read (H)

HB 495 - English

Allows school districts to discipline students for cyberbullying that occurs off campus

This act allows school districts to discipline any student for cyberbullying. Districts can prohibit cyberbullying if it was conducted on a school campus using school or personal technology resources. Districts can prohibit off-campus cyberbullying if it is reasonably foreseeable that it would reach a school campus, the speech was directed at a school-specific audience or if the speech was brought on to or accessed on the school campus. The act includes guidelines for use when determining appropriate disciplinary action for cyberbullying. The act also defines cyberbullying.

Status:

1/14/15 Second Read (H)

1/13/15 Introduced and First Read (H)

SB 1 - Pearce*Issue 1**

Modifies provisions relating to elementary and secondary education

Status:

1/13/15 Second Read and Referred Education

Committee (S) Chair: Pearce, Vice Chair: Romine

1/7/15 First Read (S)

12/1/14 Pre-filed (S)

1/8/15 Introduced and First Read (H)

HB 439 - Koenig

Establishes the Abortion Ban for Sex Selection and Genetic Abnormalities Act of 2015 to prohibit an abortion solely due to the sex of the unborn child or a genetic abnormality diagnosis

This act establishes the "Abortion Ban for Sex Selection and Genetic Abnormalities Act of 2015." This act states that it is illegal for a physician to knowingly and intentionally perform an abortion on a woman who wants the abortion solely because the unborn child has been diagnosed with or has the potential for a genetic abnormality. It outlines penalty provisions for physicians and outlines damages that may be sought.

1/8/15 Introduced and First Read (H)

HB 466 - Engler

Changes the asset limits to qualify for MO HealthNet benefits to \$2,000 for a single person and \$4,000 for a married couple

This act changes the asset limits to qualify for MO HealthNet benefits to \$2,000 for a single person and \$4,000 for a married couple.

Status:

1/13/15 **Second Read** (H)

1/12/15 Introduced and First Read (H)

HB 474 - Webber

Changes the laws regarding eligibility for MO HealthNet benefits

This act states that MO HealthNet will not provide coverage to parents or caretaker relatives living with a dependent child unless the dependent child is also receiving government funded health benefits. Beginning January 1, 2016, this act extends eligibility for an alternative package of MO HealthNet benefits to individuals who are between the ages of nineteen and sixty-five, are not pregnant, are not entitled to or enrolled in certain Medicare benefits, are not eligible or enrolled for mandatory coverage under the MO HealthNet Program, and have a household income that is at or below 133% of the federal poverty level. Those who are eligible for MO HealthNet benefits and are deemed to be "medically frail" are entitled to all the MO HealthNet benefits they are eligible for. "Medically frail" includes those with physical, intellectual, or developmental disabilities, mental health disabilities, and others. The Departments of Social Services, Mental Health and Health and Senior Services will work together to develop a screening process to determine who will be considered "medically frail."

Status:

1/13/15 **Second Read** (H)

1/12/15 Introduced and First Read (H)

HB 490 - English

Establishes a pilot program for the medical use of marijuana

This act establishes the "Compassionate Use of Medical Cannabis Pilot Program Act". It allows individuals with certain debilitating medical conditions to use marijuana to alleviate or treat one or more of the debilitating medical conditions outlined in the act or its associated symptoms. It requires that the patient be deemed qualified by a physician, have written certification from a physician and be listed on the registry established by the MO Department of Health and Senior Services. It allows qualified individuals to possess two and a half ounces during a fourteen day period unless a quantity waiver is obtained. A registered designated caregiver is also allowed to possess the marijuana to assist someone who is a qualified individual. It also states that a qualified individual,

caregiver, physician, or any other entity engaged in medical marijuana activities allowed under this act will not be subject to arrest, prosecution, or other penalties. The act states that the MO Department of Health and Senior Services will establish and maintain the registry of qualifying patients, and issue identification cards to all qualified individuals as well as other responsibilities outlined in the act to effectively establish and maintain the program. The Department is also responsible for submitting a report to the General Assembly by September 30 of each year. The Department of Agriculture will be responsible for establishing cultivation centers.

The act establishes the "Medical Cannabis Cultivation Privilege Tax Law". It allows for a surcharge on cultivating medical marijuana on or after January 1, 2016. The rate is seven percent of the sales price per ounce. The money collected will be deposited in the compassionate use of medical cannabis fund.

Status:

1/13/15 Introduced and First Read (H)

HB 549 - Zerr

Changes the asset limits to qualify for MO HealthNet benefits to \$5,000 for a single person and \$10,000 for a married couple

This act increases the limit of allowed resources to qualify for MO HealthNet benefits to \$5,000 for someone who is single and \$10,000 for a married couple.

Status:

1/15/15 Introduced and First Read (H)

HB 548 - Rowden

Requires parity between out-of-pocket expenses charged for occupational therapist services and similar services provided by primary care physicians

This act requires that insurance companies and plans not charge individuals receiving occupational therapy services a co-payment or co-insurance percentage greater than would be charged for an

office visit to a primary care physician. The act instructs the oversight division of the Joint Committee on Legislative Research to conduct an actuarial analysis of the cost impact related to this act beginning September 1, 2015.

SB 197 - Brown**Issue 1**

Modifies provisions relating to the Joint Committee on MO HealthNet

Status:

1/7/15 Introduced and First Read (S)

SB 230 - Romine

Modifies provisions relating to the MO HealthNet program

This act modifies provisions relating to MO HealthNet.

NOTIFICATION TO SPENDDOWN PARTICIPANTS (Section 208.151.7)

Under this act the Department of Social Services shall notify any potential exchange-eligible participant who may be eligible for services due to spenddown that the participant may qualify for more cost-effective private insurance and federal premium tax credits available through the purchase of a health insurance plan in a health care exchange and the benefits that would be potentially covered under the insurance.

LICENSED PROFESSIONAL COUNSELORS (Section 208.152.12)

This act provides that Licensed professional counselors (LPCs) and provisional LPCs may provide MO HealthNet behavioral health services to adults age twenty-one and older in a federally qualified health center setting.

ASSESSMENTS FOR DRUG AND ALCOHOL TREATMENT AND JUVENILE COURT SERVICES (Section 208.186)

Assessments for drug and alcohol treatment shall be made to MO HealthNet participants when drugs

or alcohol were contributing factors to any crimes or to any child abuse and neglect allegations. Recommendations of the treatment provider may be used by the court in sentencing or rendering a disposition.

HEALTH CARE ACCESS IN LOW-INCOME PUBLIC SCHOOLS (Section 208.661)

The Department shall develop incentive programs, submit state plan amendments, and apply for necessary waivers to permit rural health clinics, federally-qualified health centers, or other primary care practices to co-locate on the property of public elementary and secondary schools with 50% or more students who are eligible for free or reduced-price lunch. The act details the prohibitions on such clinics as well as the parental consent required.

TELEHEALTH (Section 208.670)

This act requires the Department of Social Services to promulgate rules regarding MO HealthNet telehealth to allow for out-of-state health care providers and hospitalists to use telehealth services to address access to care.

JOINT COMMITTEE ON MO HEALTHNET (Section 208.952)

This act amends the Joint Committee on MO HealthNet to have as its purpose of study the efficacy of the program as well as the resources needed to continue and improve the MO HealthNet program over time. The committee shall receive and obtain information from the departments of Social Services, Mental Health, Health and Senior Services and Elementary and Secondary Education as applicable, regarding the projected budget of the entire MO HealthNet program including projected MO HealthNet enrollment growth, categorized by population and geographic area.

The committee shall meet at least twice a year. The committee is authorized to hire an employee or enter into employment contracts. The compensation of such personnel and the expenses

of the committee shall be paid from the joint contingent fund or jointly from the senate and house contingent funds until an appropriation can be made. The committee may also hire or contract for an executive director to conduct investigations to fulfill the duties of the committee.

HEALTH CARE HOMES (208.997)

By July 1, 2018, the MO HealthNet Division shall implement the Health Care Homes Program as a provider-directed care coordination program for MO HealthNet participants who shall be transitioned from the fee-for-service program to a coordinated care organization. The program must provide payment to primary care clinics for care coordination for individuals deemed medically frail. Clinics must meet certain specified criteria, including the capacity to develop care plans; a dedicated care coordinator; an adequate number of clients, evaluation mechanisms, and quality improvement processes to qualify for reimbursement; and the capability to maintain and use a disease registry.

CURRENT MANAGED CARE POPULATION EXTENDED STATEWIDE (208.998)

The Department of Social Services shall seek a state plan amendment to extend the current MO HealthNet managed care program statewide no earlier than January 1, 2016, and no later than July 1, 2016, for all eligibility groups currently enrolled in a managed care plan as of January 1, 2015. Such eligibility groups shall receive covered services through health plans offered by managed care entities which are authorized by the Department.

The health plans must resemble commercially available health plans while complying with federal Medicaid Program requirements as authorized by federal law or through a federal waiver. The plans must include cost sharing for out-patient services to the maximum extent allowed by federal law and may include other co-payments and provide incentives that encourage and reward the prudent

use of the health benefit provided. In addition, the plans must encourage access to care through provider rates that include pay-for-performance and are comparable to commercial rates.

The managed care health plans shall also require all MO HealthNet managed care plans to provide coverage for ambulatory patient services; emergency services; hospitalization; maternity and newborn care; mental health and substance abuse treatment, including behavioral health treatment; prescription drugs; habilitative services and devices; laboratory services; preventive and wellness care, and chronic disease management; pediatric services, including oral and vision care; case management; and preventive services and any other services required by federal law.

The health plans shall also provide a high-deductible health plan option. Such high deductible health plan must include coverage for benefits as specified by Department rule after meeting a \$1,000 deductible; an account, funded by the Department, of at least \$1,000 per adult to pay the medical costs for the initial deductible; preventive care, as defined by Department rule, that is not subject to the deductible and does not require a payment of money from the account.

The managed care health plans shall also offer all participants with chronic conditions, as specified by the Department, an option to be included in an incentive program for MO HealthNet participants who obtain specified primary care and preventive services and who participate or refrain from specified activities to improve the participant's overall health.

A MO HealthNet participant is eligible to participate in only one of either the high deductible health plan or the incentive program for chronic conditions.

URGENT CARE CLINICS (208.999)

Subject to appropriations, the Department of Social Services shall develop incentive programs to encourage the construction and operation of urgent

care clinics that operate outside normal business hours and are located in or adjoined to emergency room facilities that receive a high proportion of patients who are participating in MO HealthNet to the extent that the incentives are eligible for federal matching funds.

MANAGED CARE DATA AND NETWORK ADEQUACY REQUIREMENTS (208.1500)

This act requires managed care organizations to provide to the Department of Social Services, and the Department to publicly report, certain information regarding medical loss ratios, total payments to the managed care organization in any form, provider compensation rates, service utilization information, data regarding complaints, grievances and appeals, quality measurements and consumer satisfaction.

CURRENT FEE-FOR-SERVICE POPULATION MOVED TO ACCOUNTABLE CARE ORGANIZATIONS (208.1503)

Beginning July 1, 2019, participants in the MO HealthNet fee-for-service program as of January 1, 2015, shall begin enrollment in regionally-based or statewide coordinated care organizations except for those participants transitioning to the MO HealthNet managed care program, those residing in skilled nursing facilities, and those with developmental disabilities receiving state plan services or home- and community-based services through a waiver administered by the Department of Mental Health. A "Coordinated care organization" or "CCO" shall mean an organization of health care providers, including health care homes, that agrees to be accountable for the quality, cost, and overall care of a defined group of MO HealthNet participants. The regional CCOs shall be reimbursed through a global payment methodology developed by the department. Participants under a CCO shall be placed in a health care home.

The Department shall also advance the development of systems of care for medically complex children who are recipients of MO

HealthNet benefits by accepting cost-effective regional proposals from and contracting with appropriate pediatric care networks, pediatric centers for excellence, and medical homes for children to provide MO HealthNet benefits when the Department determines it is cost effective to do so. Such entities shall be treated as coordinated care organizations.

The act requires the Departments of Social Services, Health and Senior Services and Mental Health and the Division of Budget and Planning to jointly conduct a study on the feasibility, practical implications and risks of integrating all of the aged, blind and disabled population, including Medicare and Medicaid dual eligibles, skilled nursing facility, health home, home-and community-based waiver and Department of Mental Health waiver populations into the coordinated care organization model established under this act.

PRIVATE INSURANCE PREMIUM SUBSIDY (208.1506)

Beginning July 1, 2016, any MO HealthNet participant who elects to receive medical coverage through a private health insurance plan instead of through the MO HealthNet program shall be eligible for a private insurance premium subsidy to assist the participant in paying the costs of such private insurance if it is determined to be cost effective by the Department. The subsidy shall be provided on a sliding scale based on income, with a graduated reduction in subsidy over a period of time not to exceed two years.

HB 551 - Fitzpatrick

Sets a reimbursement rate for primary care physicians under Medicaid and requires MO HealthNet to contract with a third party for eligibility verification

This act sets the reimbursement rate for primary care physicians under MO HealthNet at no less than primary care physicians receive under the Medicare program.

Under this act, the MO HealthNet Division will obtain a contractor to verify individuals' eligibility for assistance by January 1, 2016. Eligibility will be verified using data matches. The contractor will contact the MO HealthNet Division once a determination is made regarding eligibility. The MO HealthNet Division has 20 business days to accept or reject the determination. The contractor will keep a record of all initial determinations involving ineligible individuals. A joint report will be provided to the Governor and the General Assembly 30 days after the conclusion of each calendar quarter. The act specifies what should be included in the report.
